INTEGRITY JETS

2019 PHENOM 300E

50500521 / N565BB

SPECIFICATIONS

HIGHLIGHTS
Demand for late-model, low-time Phenom 300E aircraft continues to outpace supply, making this single U.S. owner 2019 example a rare opportunity. Exceptionally maintained since new by its original U.S. owner, it features an outstanding pedigree and all the most desirable factory options, positioning it among the finest aircraft currently available on the market.

AIRFRAME
1033.7 hours / 562 landings (as of 07 June 2026)

ENGINES
1033.7 hours / 562 cycles (as of 07 June 2026)

EXTERIOR
Finished in sophisticated Manhattan Grey over Black Teflon and divided by a refined Las Vegas Gold accent stripe, this elegant paint scheme enhances the aircraft's sleek, aerodynamic lines. The result is a timeless, executive appearance that remains understated, yet unmistakably distinctive.

INTERIOR
The divan equipped cabin is elegantly appointed with Lohengrin leather seating accented by exposed carbon fiber seat panels, Quarter Ebony veneer cabinetry, and Smoked Nickel plating. Camelot leather side ledges, China White Ultraleather sidewalls, silk-blend Kanso carpeting, and Clam Shell Corian countertops combine to create a bright, refined cabin environment with a clean, modern aesthetic.

LEADERSHIP TEAM

ERIC HAMMER

Eric Hammer brings more than 35 years of aerospace experience and over two decades dedicated exclusively to representing buyers and sellers of business aircraft. As Founder and Managing Partner of Integrity Jets, Eric established the company with a simple mission: to inspire the trust and confidence required to serve as a true strategic and tactical partner in the acquisition and disposition of business aircraft.

Throughout his career, Eric has been directly responsible for the sale and acquisition of more than 250 turbine-powered aircraft. Prior to founding Integrity Jets, he spent nearly a decade leading pre-owned aircraft sales efforts for Embraer in North America and eight years overseeing new and pre-owned Citation and Caravan aircraft sales for Cessna. Earlier in his career, Eric served for 11 years as a Flight Dynamics Officer in NASA's Mission Control Center in Houston, supporting the nation's human spaceflight program.

Eric is a commercial, multi-engine, instrument-rated pilot, a 20-year veteran of the U.S. Navy Reserve, and holds a Master's Degree in Aerospace Engineering. Away from aviation, he is also a five-time national powerlifting champion.

Integrity Jets is built upon a lifetime of experience, relationships, and a commitment to serving clients with professionalism, expertise, and integrity.

BRENO CORREA

Breno Correa is a seasoned executive aviation professional with deep expertise in aircraft acquisition, sales, and advisory services. Throughout his career, he has led more than 400 business aircraft transactions worldwide, representing over US$3 billion in total transaction value. He has advised high-net-worth individuals, entrepreneurs, corporations, and professional flight departments, helping them make informed aircraft ownership and fleet decisions with confidence and clarity.

An aeronautical engineer and FAA-licensed private pilot, Breno combines technical expertise with a practical understanding of aircraft ownership and operations. His fluency in English, Spanish, and Portuguese allows him to effectively serve clients across cultures and international markets.

Breno held leadership positions of increasing responsibility at Embraer, initially in Brazil overseeing sales across Latin America and later in the United States, where he developed strong relationships throughout North America and the global executive aviation community while leading Embraer's preowned aircraft business worldwide. Prior to Embraer, he led Textron Aviation aircraft sales in Brazil.

Earlier in his career, he held positions with BankBoston, Procter & Gamble, and Booz Allen Hamilton, developing a strong foundation in finance, strategy, and business leadership — capabilities that continue to create value for his clients today.

Outside of aviation, Breno is an avid motorsports enthusiast and amateur racecar driver, reflecting the same passion for performance, technology, precision, and excellence that he brings to serving Integrity Jets' clients. He also enjoys racquet sports and values the competition and camaraderie they provide.

INTEGRITY JETS

We are a boutique aircraft brokerage firm whose mission is to inspire the trust and confidence needed to be your strategic and tactical partner in the acquisition and/or disposition of your business aircraft. Our name is new. But our experience is vast.

We understand that buying or selling an aircraft is a complex and time-consuming process, and our expectation is that engaging with Integrity Jets will ensure you will experience the most stress-free, efficient, and financially beneficial transaction as is possible. The company is committed to delivering exceptional customer service and ensuring that each client's unique requirements and preferences are met with the utmost attention to detail.

SERVICES

BROKERAGE

With the bedrock of more than 30 years of aviation experience and hundreds of completed turbine-powered aircraft transactions, Integrity Jets provides our clients with the expertise to perfectly position your aviation assets and optimize your returns in today's increasingly dynamic aircraft market.

ACQUISITION

With a background as respected transactional specialists at the manufacturer, institutional, and individual levels, Integrity Jets specializes in the identification of pre-market and new-to-market aircraft, and we pride ourselves on our ability to understand and exceed our client's expectations at every turn.

MARKET INTELLIGENCE & ANALYSIS

With a vast global network built over decades in the industry, along with boots-on-the-ground operational effectiveness, Integrity Jets delivers real-time market data and analytics to provide our clients with the best tools available to protect your interests and ensure the best outcomes.
